

PRODUCT CATALOG

CÍRCULO

This catalogue has a new virtual tool developed by Círculo for you: AUGMENTED REALITY (RA), available in the APP Love Círculo. In order to get access to this APP, it's only necessary to do the free download in the App shops of Android or iOS devices.

Open the Love Círculo APP, access the RA icon, after the camera activation, aim your mobile device at the pages identified with RA stamp. You will see the piece in movement giving you more details of each piece.

HISTORY

- Established in 1938 by Leopoldo Jorge Theodoro Schmalz from a dream to produce cotton threads and yarns for handmade works and has grown into the world as a famous yarn manufacturer for embroidery, hand knitting and crochet.
- Nowadays Círculo is one of the biggest Textile Industry in Brazil.
- Manufacturer of yarns and accessories for handmade works.
- Industrial Plant with 35.000m², the biggest in Latin America .
- Capacity to produce 500ton/month
- 1.400 employees.
- Exports for 23 countries in 4 continents.

COMPANY

- Brazilian company devoted from the early beginning to set up new trends to the hand knitting wool industry.
- Our brand was created following the innovative spirit and a commitment to quality.
- Our call for innovation begins with product research and development and extends to the manufacturing process, sales aspects and to our relationship with distributors/customers, always aiming to give the best products and customer service.
- Firmly committed to design, our aim is to suggest, inspire and motivate the artisans, always with the latest ideas presented in our product's line.
- We are always looking for the best in order to offer fashion solutions according to the global market trends that are able to overcome the customers' expectations with high level of innovation and modernity in colors and threads respecting the collaborators, partners, community and investment return.

SUSTENTABILITY

To contribute to the development of healthier and better world for the humans in relation to the environment, Círculo is worried into achieving and demonstrating a correct environmental performance by controlling the impacts of its activities, its products or services, taking in consideration of its ppolitical and environmental objectives.

- 11.800 km² of forests and reforestation
- 100% of water used in our production process is treated
- Correct disposal and recycling of waste
- 10% of water is reused in dying process
- Dye Clean, 80%...water...regular dying process

Manufacturer of crochet, knitting and embroidery, seller of fabrics and accessories for handcrafts.
